

FALL 26' - SPRING 27' SPONSORSHIP PACKAGE

One of our many amazing hard-working officer teams.

Who We Are

Code[Coogs] is the premier computer science student organization at the University of Houston. We bring students together through technical innovation, community, and opportunity by creating a diverse and inclusive space for both newcomers and seasoned techies.

Our Identity:

- **Student-Led:** Built by students, for students!
- **Inclusive:** Open to all experience levels and backgrounds.
- **Forward-Thinking:** Focused on the future of tech, innovation, leadership, and opportunity.
- **Collaborative Culture:** Empowering each other through teamwork, mentorship, and social mixers.

Our Mission Statement

Attendance of our first general meeting of the academic year.

Code[Coogs] empowers University of Houston students to grow personally and professionally through a culture of collaboration, curiosity, and creativity.

We bridge gaps in opportunity by creating accessible, hands-on experiences for all skill levels and disciplines, from workshops and tech talks to projects and mentorship.

We don't just build coders, we transform coders into **problem-solvers, leaders, and changemakers.**

What We Offer
